How did you hear about Lincoln Park Preschool and Kindergarten?

Have you scheduled a tour at a Lincoln Park Preschool and Kindergarten location?

☐ Yes ☐ No

If yes, which one _____

LINCOLN PARK PRESCHOOL AND KINDERGARTEN
ADMISSIONS AND ENROLLMENT POLICY (EFFECTIVE 10/01/09)

LPP has ongoing enrollment throughout the year. In order to be eligible for enrollment, every child must visit LPP and turn in an **Application Form and Enrollment Fee**. Enrollment fees are not deposited until a spot is offered to a family and confirmed. All **LPP Application Forms** received will be put into a random lottery for any available classroom spots. The lottery will consist of all eligible applications based only on birth date and number of days requested. No preference is given for the date on which the form was received. For example, if a Tuesday and Thursday spot becomes available in the 3's classroom, all **Application Forms** from children within the birth date range and requesting 2 Days will be pulled for that lottery. From those eligible applications, one will be randomly selected. If that applicant declines the position, another applicant will be randomly selected.

For families specifically interested in **June or September enrollment**, a random lottery will take place in March consisting of all Applications received on or before February 15th. Families will be notified by early April if they have been chosen for a June or September spot. Subsequent rounds of the lottery will occur until all available spaces are filled.

I read and understand LPP's enrollment and lottery policy.
